No Absolutes?

"Go therefore, and teach all nations, baptizing them in the name of the Father and the Son, and the Holy Spirit..." Matthew 28:19

While we are talking with people we get into all kinds of discussions. Many of these side discussions would be what most consider to be "rabbit trails". The nice thing about The Way of the Master approach is that it gives a means to bring the conversation back to the fact that one day every man must stand before God for judgement. So no matter how much someone wants to debate the goodness of a muslim, the doctrine of the pope or why they think that God does not exist we can always come back to the ten commandments, how every man falls short and therefore is in need of a savior. There is a saying at my churches VBS that goes like this "Absolutely True! Absolutely True! Everything the Bible says is absolutely true!". I am not going to go into the details here of how we know the Bible is absolutely true. What I do want to discuss is an interesting conversation that we had with a scientist last night while we were witnessing at The Shops at Legacy. He basically told us that he

would never trust anything written in a book 2000 years ago. So we asked him how he got his

Here is another absolute truth. God created the heavens and the earth. He created animals and man! You see some would have you believe that God does not exist and that the miracle of life was just a matter of random chance. What if I told you that this newsletter just appeared without any effort. I just opened my word processor and letters formed into words and paragraphs. You would say I was crazy. God's creation testifies to Him!

knowledge and if he read books. We explained to him that there is evidence that shows that the Bible is absolutely true. His response, "There is no such thing as absolute truth". We responded back to him

that his statement was an example of an absolute truth. We pointed out that the law of gravity is an absolute truth. Without it we would have no idea if when we took our next step if we would stand or fall. I've encountered this type of thinking before, but never heard it so blatantly stated as we heard from this man. Normally I might ask someone if the bottle of water in my hand is indeed water, or perhaps an ice cream cone. You see it can't be both water and ice cream. There is an absolute truth as to what it is. Jesus says "I am the way and the truth and the life. No one comes to the Father except through me". Either he is telling the truth. Or this is a lie. The Bible is backed by so much evidence that we know this statement is true. This means that all other religions (Islam, Hindu, Buddhist, Catholic, Mormon, New Age, etc) are false. Let's go share the truth of God's word with everyone we meet!
