Thanks for the prayers. We talked to many people today. Most were receptive to talking to us and we got to share the Gospel a number of times. Just before we left we talked to two teen age girls who were Christians. When we got done talking to them one of them got up from the bench and approached us. She said "do you see those two boys over there?" pointing to two boys on a bench about 100 yards away. We said yes. Then she said, "would you go over to them and ask them the same questions you asked us?". We asked if they knew them. They said no, "but that they had been stalking them at the mall". We said OK. So we approached them. One of them got up and left the bench as we walked over. Craig talked to the one that was still sitting there. A few seconds later the other one (Cornelius) came back. So I offered him a coin and struck up a conversation with him. We ended up hearing them both understand their sinfulness and shared the Gospel with both of them. We left the mall praising God for the opportunities we had!

Thanks for the prayers. Please pray that Cornelius would come to Christ. I don't know the name of the other boy that Craig was speaking with.

God Bless,
Carl
